Complainant, United States Environmental Protection Agency, Region 8 (EPA), and Respondents Carol Graybill, dba Yellowstone Truck Stop and Yellowstone Truck Stop, Inc. (Respondents), by their undersigned representatives, hereby consent and agree as follows:

1. EPA issued to Respondents a First Amended Proposed Order and Penalty Complaint with Notice of Opportunity for Hearing (Complaint) filed on March 27, 2006, alleging certain violations of Part C of the Safe Drinking Water Act (SDWA), 42 U.S.C. § 300h et seq., relating to underground injection controls (UIC). The Complaint was also issued to Ken's Equipment Repair, Inc.

2. The Complaint alleged that Respondents violated the SDWA by (a) failing to comply with 40 C.F.R. §144.12(a) and 40 C.F.R. §144.82(a)(1) by owning a Class V disposal facility which, through injection activity, allowed the movement of fluid containing any contaminant into underground sources of drinking water, if the presence of that contaminant may cause a violation of any primary drinking water regulation under 40 C.F.R. part 142; and (b) failing to comply with 40 C.F.R. §144.12(c)(1) and (2) and 40 C.F.R. §144.88(b) for failure to close or retrofit the Class V disposal system in a manner that would keep contaminants from entering an underground source of

drinking water (USDW). The location of the facility is at 1224 Highway 10 West, Livingston, Montana. Ken's Equipment Repair, Inc. has provided evidence to EPA that the Class V disposal system has been permanently closed.

3. Respondents admit that EPA has the jurisdictional authority to issue the Complaint and settle this case pursuant to this Consent Agreement, but do not confirm or deny the remaining allegations, including the findings and alleged violations.

4. Respondents waive their its right to a hearing before any tribunal, to contest any issue of law or fact set forth in the Complaint, or this Consent Agreement.

5. This Consent Agreement, upon incorporation into a final order, applies to and is binding upon EPA and upon Respondents and Respondents' heirs, successors and assigns. Any change in ownership or corporate status of Respondents, including, but not limited to, any transfer of assets or real or personal property, shall not alter Respondents' responsibilities under this agreement. This Consent Agreement contains all terms of the settlement agreed to by the parties.

6. To settle this matter, Respondents, among other things, hired an environmental consultant (Resource Technologies, Inc.) to help Respondent remediate the site by removing all visibly contaminated soils (an estimated 350 yards) surrounding the system located at the Ken's Equipment Repair, Inc. facility. Respondents received a Montana Department of Environmental Quality (MDEQ) landfarm permit to transport the soil to the landfarm site located five miles northwest of Clyde Park, Montana and owned by Robert and Donald Scott. The transportation and landfarming of the soils took place during the August 21-23, 2006 timeframe. Respondents have submitted to EPA a copy of the MDEQ permit and documented proof of the landfarming, including photos and receipts. Additionally, as part of the remediation, Respondents, removed the actual disposal system

outside of the Ken's Equipment Repair, Inc. facility. The remediation described above taken by Respondents to settle this action shall be in lieu of a cash penalty. Respondents' co-respondent, Ken's Equipment Repair, Inc., pursuant to the terms of a separate Consent Agreement, shall pay a monetary penalty for the violations asserted in the Complaint.

7. Nothing in this Consent Agreement shall relieve Respondents of the duty to comply with the SDWA and its implementing regulations.

8. Failure by Respondents to comply with any of the terms of this Consent Agreement shall constitute a breach of the consent agreement and may result in referral of the matter to the Department of Justice for enforcement of this agreement and for such other relief as may be appropriate.

9. Nothing in this Consent Agreement shall be construed as a waiver by the EPA or any other federal entity of its authority to seek costs or any appropriate penalty associated with any collection action instituted as a result of Respondents' failure to perform pursuant to the terms of this Consent Agreement.

10. The undersigned representatives of Respondents certify that he/she is fully authorized to enter into the terms and conditions of this Consent Agreement and to bind the party he/she represents to the terms and conditions of this Consent Agreement.

11. This Consent Agreement applies to and is binding upon EPA and upon Respondents and Respondents' successors and assigns. Any change in ownership or corporate status of Respondents including, but not limited to, any transfer of assets of real or personal property shall not alter Respondents' responsibilities under this agreement.

12. The parties agree to submit this Consent Agreement to the Regional Judicial Officer, with a request that it be incorporated into a final order.

13. All parties shall bear their own costs and attorney fees in connection with this matter.

14. This Consent Agreement, upon incorporation into a final order by the Regional Judicial Officer and full satisfaction by the parties, shall be a complete and full civil settlement of the specific violations alleged in the Complaint.
